

C Programming Workshop

Date : 27/11/2023 and 28/11/2023
Speaker : Krishnachandran U , Noel George
Host : IET on Campus CET
Attendees : 25

A two-day workshop on C-Programming was conducted by IET on campus CET. The speaker was Krishnachandran U of Computer Science Department.

The topics covered on the first day of the workshop include:

- Importance of programming
- Introduction to C programming
- Keywords, identifiers, tokens
- Basic programs
- Introduction to iterative statements
- Programs using if and while statements and many more

The participants were made aware of the importance of C programming and its application in various domains. The rest of the session went by clearing the doubts of the participants.

On the second day of the workshop, the participants were made to do basic programming questions on their PCs.

All the participants found the session informative. Participants feedback showed the success of the workshop in conveying programming knowledge.
