The *Talk with Toppers – GATE 2023* was an interactive one-hour online session to provide insights into cracking the Graduate Aptitude Test in Engineering (GATE). Held on 8 September 2023 at 6:30 PM via Google Meet, the event brought together two accomplished GATE performers to share their journey and strategies.

During the session, the speakers discussed key aspects such as the application process, preparation strategies, recommended study resources, time management, and potential future opportunities after qualifying GATE. The talk was highly interactive, with participants raising queries about challenges faced during preparation, subject-specific tips, and balancing academics with competitive exam preparation.

The event attracted around 50 registered members, with more than 30 students actively participating in the live discussion. Feedback from attendees reflected that the session was both inspiring and practically useful, motivating many to pursue GATE with renewed confidence.
